PRECONTRACT APPROVAL RECORD  
(PART TWO)

CONTRACT

SP-1925

The services and equipment being procured by this Contract No. SP-1925, Amendment No. 6 are in furtherance of the IDEALIST Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

25X1D

Contract No. SP-1925 covers the conversion of the following aircraft from a J-57 to J-75 engine: 343, 344, 342, 352, 355, 358, 359, 378, 356, and 350. In addition to the conversion, the contract includes IRAN and inclusion of service bulletins in effect at the time of modification. In addition, Vehicles Number 362 and 348 are being converted from a J-57 to a J-75 configuration with applicable modifications such as [REDACTED] provisions for [REDACTED]. In addition to the above, the company is designing, testing, manufacturing, and installing necessary provisions to enable these two U-2 Aircraft to take off and land on a Navy carrier.

Amendment No. 6 covers establishment of final price for Item No. 6. Final price had been established for Items 1 through 5 in Amendment No. 5

Tooling and property disposition has been finalized. This contract is now considered complete. Understand that *you have* on file the DD-250's acknowledging receipt of the work covered by this contract and that the last delivery was made on 2 March 64. It is requested that BFB submit the notice of Final Payment.
